

Vanpool Quick Guide

Interested in cutting transportation fuel and maintenance costs? Want to help co-workers commute more efficiently and address that nagging parking problem? Ever thought about commuting with co-workers in a vanpool? Our Smart Commute team offers free information and services to help you and your co-workers save and take the worry out of transportation.

We help hundreds of workplaces, big and small, improve access to state subsidies, Guaranteed Ride Home, promotional materials, web and call center and add pre-tax commuter choice benefits.

How Employers Benefit:

- Happier, healthier, more productive employees
- Decreased parking demand saves real estate and money
- Dependable transportation, employees arriving on time
- Lead by example. It's good PR and good for the environment!
- Free services and pre-tax savings

How it Works in 3 Easy Steps:

1. Assess Interest

- Review the Enterprise Rideshare Participant Questionnaire (*optional*).

2. Promote Vanpool Opportunity

- Use Go! Vermont and Enterprise Rideshare promotional materials to start the buzz.
- Identify 4+ people to co-commute (*we can do a seminar to spark interest*).
- Identify drivers.*

* Must be at least 25 years old with clean record

3. Accept the SUV or Van

- Review the Vanpool Services Agreement (*refer to sample*).
- Receive a van and gas card (*insurance and maintenance included*).
- Pay a monthly rate (*optional payment terms*)**
- Receive a vehicle and start your smart commute!!

** Cost Estimates listed below and based on passenger number

Employee Benefits

- Cut commuting costs in half and save thousands of dollars each year
- Add life to your car and enjoy lower maintenance costs
- Never get stuck with our free Guaranteed Ride Home benefit
- Less stress, relax and enjoy your commute

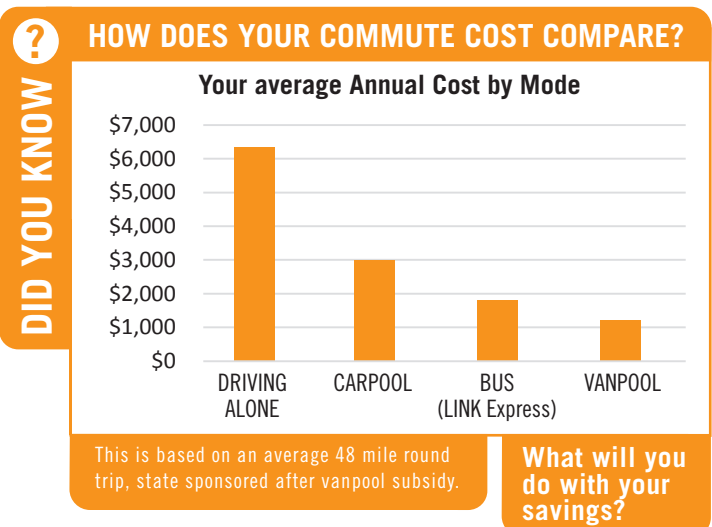

Concerned About Last Minute Travel Changes? Never Worry with *Guaranteed Ride Home*

- Go! Vermont pays for charges up to \$70 (*up to twice a month, or a total of 6 times per year*).
