Need a better way to get to work?

USE OUR SUV OR VAN!

With Commuter Co-op VT, you use our ride. Instead of taking your personal vehicle, the State of Vermont provides you with a newer model SUV or van to take to work. All you have to do is pull together a commuter group and split a low monthly fee that covers all costs. You store the car at your house and share the daily driving with your group. If you're an employer, the State offers free assistance to establish the program, and help your employees commute with reduced stress and a little more money in their pockets.

HERE'S HOW IT WORKS

Find a commuter group of co-workers or friends who share a similar commute and schedule as yours. In most cases, your employer can help you with this.

Go! Vermont, in partnership with Commute with Enterprise, will provide a fully-equipped, newer model SUV or Van for you to use.

Each rider pays a low monthly fee, which covers costs like gas, insurance, and repairs. You save money and commute for as low as \$100 per month.

You and your commuter group set your schedule and take turns driving. You can even keep the vehicle at your home.

BENEFITS FOR EMPLOYERS

Commuter Co-op VT is a free service for businesses. We work with you to find the best transportation options for your company and solve for your employees' commuting problems.

- **YOUR COMMUTER EMPLOYEE PROBLEMS SOLVED.**
Make it easier for your employees to get to work with a dependable vehicle and a commuter plan that is customized for them.
- **BETTER COMMUTE = HAPPIER EMPLOYEES.**
Increase job satisfaction, recruiting/retention, productivity, and morale by reducing the stress and costs associated with commuting.
- **FEWER CARS MEANS MORE PARKING.**
When you reduce traffic and parking congestion from single-occupancy vehicles you'll also reduce the demand for dedicated parking and the associated costs for maintenance. Win, win.
